

Competitor Comparison

Scania 4 Series

Competitor (low cost)
OE no. 1484094

Dinex no. 68335 (low cost of 68327)
OE no. 1484094

Dinex is pleased to inform that we have made a competitor comparison between Dinex and a Polish competitor on our well known silencer 68335 for the Scania 4 series.

The Dinex version attenuates the noise approximately 5 dB better through out the frequency spectrum at full load and at rated power (see the chart below). Furthermore, competitor version vibrates at certain rpm values and radiates unwanted noise due to unstable internal construction, which is a quality problem.

Polish competitor

Dinex: Inside reinforcement to mount the tail pipe

Polish competitor

Dinex: Special pressing tools to close the silencer

Polish competitor

Dinex: Inlet without external welding

Manufacturers part numbers are quoted for reference only | 11.08
