

Dinex Exhaust Keeps You On The Road

Renault EURO IV Front Pipe

New front pipe for Renault Midlum – Euro IV is now ready for sale!

The front pipe includes our D3S flex technology with an outstanding flexibility, improved gas-tightness with an additional inside layer giving enhanced durability. In addition, the pipe is mounted with a port for dosing of urea just before the inside mixer unit to secure the correct distribution of the urea in the flow of the exhaust gas.

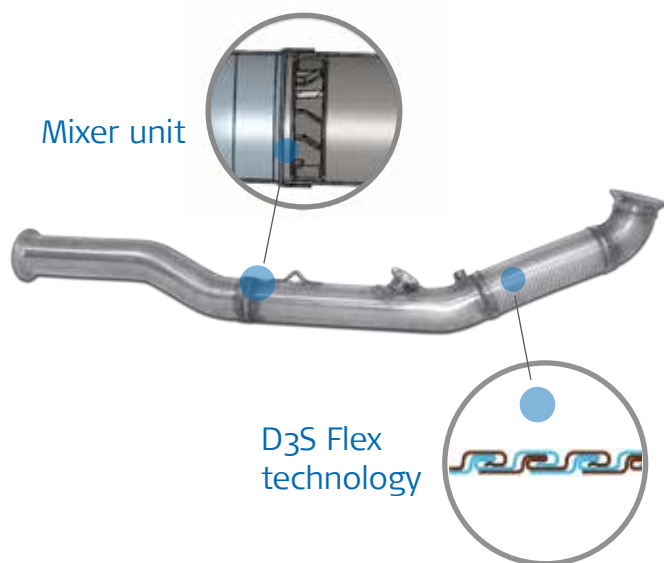

Models on which you can use this part:

Midlum

- Engine DXI 5 and 7
